

Marshmallow Challenge

July 6, 2015

What are we doing?

Project

- Build a **freestanding** structure using the materials provided to hold a marshmallow above the ground
- There are **18 minutes**
- The winner is the **tallest** structure

Rules

- The structure must be **freestanding** (cannot touch anything)
 - You cannot hold the structure with your hands :)
- **Entire** marshmallow must be placed at the top
- You don't have to use all the materials
- You can **break** any of the materials besides the marshmallows

Ready?
